

KS1 Science Curriculum Map (Year A/B)

Commencing: September 2025

Assessment and Progress						
<p>Assessment in Key Stage 1 Science is primarily formative and based on observation, questioning and practical activities. Pupils demonstrate progress through their curiosity, ability to observe and describe, and developing understanding of the world around them. Evidence of learning is gathered through class discussions, practical work and teacher assessment over time.</p>						
	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Year A Year 1	Everyday Material	Animals Including Humans	Plants	Living Things & Habitats	Seasonal Change	Weather & Climate
Year B Year 2	Use of Materials	Animals Including Humans	Plants	Living Things & Habitats	Seasonal Change	Weather & Climate
