

KS4 Humanities Curriculum Map (Year A/B)

Commencing: September 2025

Assessment and Progress						
Assessment in Humanities is mainly formative, using questioning, discussion, written work and practical activities to check understanding. Pupils demonstrate progress through increasing knowledge of historical and geographical concepts, improved use of subject-specific vocabulary, and the ability to make connections and explain ideas. Evidence of learning is gathered through classwork, discussions and ongoing teacher observation.						
	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
