

KS4 Health & Social Care Curriculum Map (Year A/B)

Commencing: September 2025

Assessment and Progress						
<p>Assessment in Health and Social Care follows the NCFE Level 1 framework and is largely evidence-based, focusing on coursework, practical activities and completed assignments. Students demonstrate progress through developing knowledge of health, wellbeing and care roles, alongside communication and application skills. Evidence of learning is gathered through completed units, portfolios and ongoing teacher assessment over time.</p>
