

KS4 Maths Curriculum Map (Year A/B)

Commencing: September 2025

Assessment and Progress						
<p>Assessment in Maths begins with baseline assessment using Century to identify starting points and gaps in understanding. Ongoing formative assessment includes questioning, observation and written work to support progress. Students work towards Functional Skills and/or GCSE Mathematics, demonstrating progress through improved mathematical fluency, problem-solving and confidence in applying skills.</p>						
	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Year A	Estimation & Approximation Evaluation & Substitution	FDP Equivalence Expressing Percentages	Expressing Fractions Ordering Decimals	Operations & Decimals Ratio & Proportion	Order of Operations Money, Interest & Budgets	Metric & Imperial Units Compound Measures
Year B	Area & Perimeter Volume & Surface Area	Dimensions & Co-ordinates Representations	3D Shape & Elevations Angles	Median & Mode Mean & Range	Probability Graphs	Revision Examinations
